Mother

I'm glad God invented you Mother. For without you there will be no others. For with There will be no boys, there will be no girls. There will be nothing, not even a world. I'm glad God invented you Mother. For you help me and you help others. But now the time has come, your work is done. All that you did under the sun. I will always remember the fun we had together. You will always be in my heart forever.
